Classes

Stabilizing & Hooping 101 & 102

Ever wonder why there are sooooo many stabilizers? If you answered yes, then this is the class for you. Learn Stabilizing basics and get hands on experience with proper hooping. You will learn tips, tricks and techniques to make hooping and placement a breeze. I have a ton of stitch out samples to show the good, bad and ugly from tear away, cut away, wash away and many other stabilizers.

Complimentary for Montavilla Advantage Plan or Gold Standard customers, otherwise there is a class fee.

Check the Montavilla Web site for class times – this class is usually scheduled for the 1st Saturday of the month – the months and locations rotate

Thread & Needles 101

This is a lecture class with lots of samples and a few demo's, were we will discuss various threads and needles. Learn the proper needles to use with different threads and materials and how to get different stitch effects with different threads.

Complimentary with Montavilla's Advantage Plan or Babylock Gold Standard Plan. Otherwise there is a class fee.

Check the Montavilla Web site for class times – this class is usually scheduled for the 1st Saturday of the month – the months and locations rotate

5th Saturday of the Month

I try to schedule either an Artistic Digital Cutter or Multi Needle project – Keep an eye on the Montavilla Web site and Newsletter – I try to get the info out at least a few weeks in advance.

Other classes

As time allows, I try to do other classes. The classes can be Technique, Project, Quilting, Embroidery, Digital Cutter, AccuQuilt or Software.

Keep an eye on the Montavilla Web site and Newsletter – I try to get the info out at least a few weeks in advance.
